WHAT'S THE QUESTION GAME

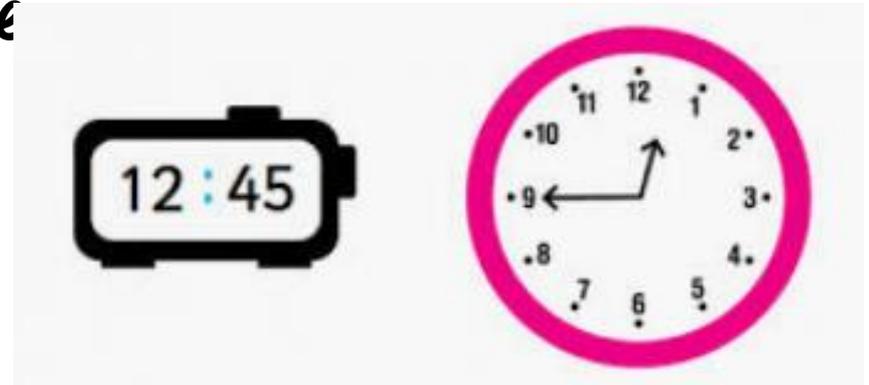

63

63 is the answer but I do not know what the question is.

1. What might the question have been if it was an addition question?
2. What might the question have been if it was a subtraction question?
3. What might the question have been if it was a multiplication question?
4. What might the question have been if it was a division question?
5. What other question might it be?

Find 'Time' at home

- Have a look around your house and see where you can find out what time it is. Make sure and look carefully. There may be more than one place too!!
- Record where you can find out the time in your home.
- If it is an analogue clock, try show the time on a digital clock in your copy and if it is a digital clock you could draw an analogue clock showing the time
- Enjoy your time hunt.

AMHRÁN NA gCUPÁN

Have a look at the cup song 'as gaeilge'.

If you have some paper/plastic cups at home, Give it a go.

BRAINTEASER: DINGBAT TIME

Dingbats are visual word puzzles from which a well known phrase or saying has to be identified. Look at the below visual and see if you can figure out the saying.

If you are finding it tricky, maybe you could work collaboratively with a sibling or test someone at home. (Check back next week for the answer)

[Performance 2](#)

[Trailer](#)

We love to do drama on a Friday in school. Today we will do something a little different. We will look at a number of performances of the musical 'Matilda'. There are three videos to look at and enjoy. While looking at the clips pay attention to the actors and props (an object used on the set of a play or film). Try the tasks on the next slide when you finish looking at the performances.

A well known song from this musical is 'When I grow up'. Imagine you are asked to write a verse for this song. The starting line is When I grow up

Try this out and send on if you like 😊

1. Name the characters you saw in the clips from our novel 'Matilda'.
2. What props did you see in the clips?
3. What was your favourite performance? Why?
4. Would you like to see this musical on stage? Why/why not?
